RENEW DERMAL SOLUTION

PATENT
PENDING

Renew Dermal Solution combines powerful ingredients such as TCA and Kojic acid with human stem cell growth factors, in a revolutionary new two-step treatment. RDS1 Penetrating Solution saturates into the dermis generating warmth as it fights signs of aging. RDS2 Calming Solution applied in step two instantly calms the skin and provides important skin healing ingredients, as human growth factors immediately begin to aid in cell regeneration.

When targeting persistent skin issues, clients deserve top-tier treatments yielding optimal results without causing disruption to their daily routines. Renew Dermal Solution has been meticulously crafted with human comfort in focus, ensuring less downtime and no pain, peeling, or photosensitivity.

RDS1 PENETRATING SOLUTION

TCA (TRICHLOROACETIC ACID)

Effectively removes dead skin cells while stimulating new cell growth and boosting collagen and elastin production.

HYDROGEN PEROXIDE (H₂O₂)

Stimulates fibroblasts and cell proliferation.

KOJIC ACID

Inhibits melanin production, brightening skin, lightening sun damage, age spots, and scars.

PEPTIDES

Improves skin texture by diminishing age spots and sun damage, while also acting as an antioxidant to improve skin tone and texture.

RDS2 CALMING SOLUTION

HUMAN STEM CELL FACTORS

Assist in calming inflammation, promoting healing, smoothing, and tightening of the skin.

SILICONE FREE

Formulated with a plant-based alternative to silicones, providing the occlusive protective layer without the downsides of silicones.

(TRIPEPTIDE-1) COPPER ACETATE

A copper peptide that helps promote wound healing, collagen formation, and elasticity.

SOOTHING INGREDIENTS

Helps heal the skin, fight inflammation, and provide a soothing and calming effect.

We *humanize* skincare

RENEW DERMAL SOLUTION & 7 DAY POST TREATMENT KIT

The new 7 Day Post Treatment Kit from FACTORFIVE has been meticulously crafted to address a wide range of skin concerns, featuring exciting additions to its product lineup. Tailored for convenient at-home use immediately following professional treatments, this comprehensive kit includes a carefully curated selection of products packed with powerful human stem cell growth factors to ensure optimal skin rejuvenation.

The 7 Day Post Treatment Kit is the perfect partner for Renew Dermal Solution. Prescribe it after each treatment of Renew Dermal Solution for the ultimate post treatment routine in between appointments. Improving results, and client satisfaction.

POST TREATMENT SOOTHING

Our Post Treatment Facial Mask gives patients a soothing and cooling spa treatment they can enjoy from the comfort of their own home.

HUMAN STEM CELL FACTORS

Assist in calming inflammation, smoothing, tightening, and promoting youthful skin.

OPTIMAL INGREDIENTS

Peptides are shown to release tension in skin, promoting a smoother appearance, while hyaluronic acid retains moisture and locks-in beneficial ingredients.

ULTIMATE RESULTS

Better results, every time.
